Been going here since Dr. Bowcutt took over the practice. Great dental work. Even more important - phenomenal people. Ask for Sonya - she is awesome!

I was so nervous going to the dentist since I hadn't gone in a very long time (2004!) But the whole staff was very nice. The dental assistant that helped me was amazing. She made me feel comfortable and my nerves eventually went away. As for Dr. Bowcutt, I couldn't be more pleased. He actually cares and patiently goes through with what you're dealing with and the solutions for it. No one likes going to the dentist, but I actually look forward to my next appointment. I highly recommend this place.

What I loved about my experience was the staff. From my first contact with Debbie via phone, I knew I had chosen the right place. Yesterday I saw Jazmin, the dental assistant, who was wonderful and made me feel comfortable. Then I saw Dr. Bowcutt, who was friendly and gentle while removing my tooth. I feel great, and have had no pain! I am so happy I chose Bowcutt Dental. Thanks guys!! ❤️

My first visit was yesterday and I had a lovely experience. Everyone there was kind, patient and professional. From the moment I arrived, the entire office staff was so welcoming! I came to Bowcutt Dental full of anxiety looking for a second opinion. I am so glad I did! Dr. Bowcutt explained what was going on from his perspective and how he suggested treatment moving forward- it was such a relief and now I trust my teeth are in good hands. I'm so grateful for this! I hardly ever write reviews but this office really impressed me. Thank you!! Finding Bowcutt Dental was a true blessing.

We have been to Dr. Bowcutt for a few years now and have the best experiences. His office is so pleasant. Everyone who works there is kind and professional. I recently needed an emergency crown and I was blown away by how quickly I could be seen and what a great job Dr. Bowcutt did. It was much easier than I expected and best of all I had no pain! I have been to many dentists in my life, and Dr. Bowcutt is certainly among the best. I highly recommend Dr Bowcutt!

I have been going to this dentist office for 20 years first with Dr. Jordan (Dr. J) and now Dr. Bowcutt. I primary go for teeth cleaning every 6 months and my dental hygienist Sonya makes my entire visit a wonderful and personable experience. Debbie who runs the front office is also incredible. They are thorough, and treat you like family. I highly recommend Bowcutt Dental if you want your dental work done right!

Bowcutt Dental was recommended to me by a friend when I moved to Austin 3 years ago. I've been going here ever since and have had great experiences every time. My dental hygienist, Sonya, is wonderful- very gentle, knowledgeable, and friendly. Dr. Bowcutt is fantastic- he gives you all the options, takes the time if you have questions/has never made me feel rushed, and never talks down to me. I had to get my first crown last year and I was pretty nervous about it. Dr. Bowcutt did an amazing job, he explained everything, and the procedure went incredibly smooth. Highly recommend!!

I honestly hate going to the dentist I've always had bad experiences. After visiting Dr.Bowcutt I completely changed my mind. They made me feel so comfortable, kept me informed with every single detail, and came up with a game plan right away to help me have healthier teeth and gums. The front desk is amazing, very helpful, and responsive. Debbie and Core helped me set up my appointment, even though the appointment was far ahead they still called me a few times to see if I was available to go due to a cancellation. Dr. Bowcutt is very welcoming and he does not judge. He was there for me and explained everything I did not understand. Jennie Kreigh was my hygienist. She is amazing and very helpful and she knows what she is doing. She even has a magical numbing gel which is a plus for someone who gets scared from a dental visit like me. lol

Very friendly staff, clean, comfortable waiting area with high-end massage chair, easy check in, got seen in under 5 minutes, and my Hygienist, Sonya, D A. Darlene and Dr. Bowcutt are all simply the best. Their modern equipment and knowledge are top tier, with excellent chair-side manner. Looking forward to my next appointment. Who says that about the dentist office?

I had an excellent first experience here. Jennie explained everything as she did it and was considerate of my comfort level. Dr. Bowcutt was very nice and made me feel comfortable in their plans for my dental health. My favorite thing is that the facility is very clean and pretty. Not overdone with flat screens and like pinterest made its home there. Would recommend to everyone.

I cannot say enough good things about my experience with this dental practice, beginning in the early 80's with Dr Jordan and then with Dr Bowcutt. I have referred many friends, family, and co-workers to them over the years. Very professional, and everyone treats you like family. I always feel like I'm in good hands with them, including those at the front desk. Bowcutt Dental is the best!!

I really love this dentist office. I've got to work with Sonya who is so kind and genuine. She is very informative and both her and the doctor get to the point. They have highlighted issues with my teeth that I've never been highlighted before and helps me engage in preventative Practices. They make the whole ordeal simple and straightforward.

I've been a client for almost 26 years. I love everything about this dental office. The staff are all so friendly and professional. The office is always so clean and comfortable too. They truly treat me like family. I think it's important to be able to reach the office easily to make appointments, etc. I have found it very easy to reach them on the phone, and I also easily reach them by email, which works well for me. Insurance claims are always handled efficiently and professionally by Debbie and Mary. They've been in this office for years and they really know what they are doing - which is refreshing! Dr. B is so friendly and he clearly knows his stuff. I recommend Bowcutt Dental to everyone that asks.
